ANDREA VITTORELLI — ITALY — SINCE 2009

HOUSE / TECH HOUSE

01 — BIOGRAPHY

BIO

DJ, producer and sound engineer making modern, club-ready House & Tech House.

Andrea Vittorelli, known as DJ Vitto, has been behind the decks and in the studio since 2009. Over the years he has built a solid background in the electronic music industry, with advanced skills in production, mixing and mastering backed by technical certifications.

With more than 240 tracks on the main DJ platforms and releases on labels such as Flashmob Records, Serrano's Kitchen, 303Lovers, King Street and Trax Records, his work spans original productions, remixes, edits and custom projects — combining creativity, technical precision and a sharp ear for the market.

His track “Hot Time” has been played by Flashmob at Aura Court, and his sets move from club nights to open-air stages such as Papaya at Zrće Beach, Croatia.
